- Blank Header for Optional Graphics

Carpet Sample Displays - Incline Sample Board Displays

System 9 Modular Carpet Displays
Create beautiful displays customized to your requirements with versatile SYSTEM 9 modular components. SYSTEM 9 is a flexible display. Its use is open to your imagination. The key to System 9 is the #900 wall standard. You can plug in the display components you want. Later, when you need to make a change, you simply snap those components out and plug in the components needed to make the required adjustments. The components attach by built-in brackets, no tools required. The #900 standard is 7 feet tall, with mounting holes for attaching to a wall. It can be attached to most wall types by using appropriate common fasteners. All components have powder-coated almond finish except where noted.

Components:
1. 900 - Standard (aluminum finish)
2. 911 - Header (almond or gray finish)
3. 972 - Wire Sample Shelf (brown finish)
4. 974 - Architects Folder Shelf (brown finish)
5. 979 - Presentation Shelf (brown finish)
6. 942 - Hanger Rail (almond finish)
7. 962 - Book Arm (almond finish)
8. 920 - Arm (holds 20 samples) (almond finish)
9. 925 - Arm (not shown - holds 25 samples) (almond finish)
